**Aims**

To prepare PhD students for writing theses by developing the ability to evaluate and revise writing for the purposes of research.

**Outline**

The syllabus is flexible and needs driven, and it is likely to cover:

- The process of writing
- Revision skills
- Peer evaluation
- Structure
- Coherence
- Readability
- Referencing
- Accuracy (grammar, vocabulary, punctuation)

**Outcomes**

By the end of the module you should have:

- Considered the process of writing a thesis and the conventions for structuring and presenting your thesis
- Become familiar with criteria for evaluating your writing
- Developed strategies for improving and revising writing
- Had the opportunity to practise peer review
- Examined academic style and started developing your own style
